Wish Darwin a happy birthday!
Meet world-renowned scientists!
Win beautiful fossils and books!

Darwin Day 2018

Celebrate Charles Darwin’s birthday with a
FREE evolution education event for all K-12 area teachers

date: February 10, 2018
time: Registration and continental breakfast 8 AM
The rest of the program 8:25 AM to 12:30 PM
location: Room 202, Life Sciences Building,
Washington University Danforth Campus

Master of Ceremonies, Dr. Jonathan Losos
Professor of Biology at Washington University and
Director of the exciting new Living Earth Collaborative.

Featured Presentations:

Keynote Speaker: Dr. Eugenie Scott
“What would Darwin say to today’s creationists?”
Former Executive Director of the National Center for Science Education
Internationally-recognized expert on the creationism and evolution
controversy and science denialism.

Dr. Carlos Botero
“Ecological and evolutionary responses to climate change.”
Assistant Professor of Biology, Washington University in St. Louis

- Enjoy continental breakfast
- Grab a fossil from the fossil grab bag
- Attend workshops
- Enter drawings for books and prizes
- Sign up for the monthly book club
- Network with other educators and scientists
- Take your picture with Darwin
- Enjoy some birthday cake!

EARLY BIRD BONUS: The first 25 teachers who sign the register on Darwin Day will receive a copy of Improbable Destinies: Fate, Change, and the Future of Evolution, the latest highly acclaimed book by Jonathan Losos. Professor Losos will sign the books at the end of the morning’s program.

REGISTER BY FEBRUARY 2 at: https://schoolpartnership.wustl.edu/events/darwin-day-2018/

Darwin Day 2018 is hosted by the Institute for School Partnership with support from David and Marilyn Kirk
